

Libby Medley, LWV Clackamas County

I move the following:

Delete the final paragraph of the Climate Emergency Resolution 2 that reads:

"THEREFORE, NOW BE IT RESOLVED, that the League of Women Voters of Oregon will form a committee to review the issue of fiduciary duty related to the Oregon State Treasury Dept. The specific goal to commit to climate action by immediately stopping new investments in fossil fuel companies and to take steps to divest all holdings from FFI Solutions' fossil fuel companies within five years, And adopt a goal to transition to a portfolio which reflects net zero greenhouse gas emissions before 2040."

and replace it with the revised version as follows:

"THEREFORE, NOW BE IT RESOLVED, that the League of Women Voters of Oregon will form a committee to review the issue of fiduciary duty related to the Oregon State Treasury Dept with the specific goal to commit to climate action. Consideration may include, but not be limited to, immediately stopping new investments in fossil fuel companies, taking steps to divest all holdings from FFI fossil fuel companies within five years, and/or adopting a goal transition to a portfolio which reflects net zero greenhouse gas emissions before 2040."
